

FARC General Meetings

are held the 2nd Friday of each month, 7 p.m. at AMF Sierra Lanes unless otherwise noted. Stay tuned in for new announcements.

2015 FARC BOARD MEETING DATES

1st Tuesday of each month this month at WA6OIB's QTH.

FARC Nets

Morning Drive Time Net:
 Weekday mornings-7:30—8:00 a.m.

W6TO/R 146.940

Tech Net:

Wednesdays @ 7:00 pm
 W6TO/R 146.940

FARC Net:

Sundays @ 7:00 pm
 W6TO/R 146.940

Join us at the club meeting, Feb. 13, Friday at 7 P.M.

P. 2 for details

GREETINGS FROM YOUR PRESIDENT

Well, I am waiting for spring, but these wintry days slow me down.

I did acquire a KENWOOD TS-520-which has old-fashioned tubes for the final, as well as a built in power supply. The darn thing must weigh 87.695 pounds! Anyway, I hooked that up in the back yard and strung up a very loose 20 meter dipole. For some reason, the SWR was 1.1 to 1, so I went ahead and tuned in the CW portion of twenty meters. Made a brief contact with a KK6-; looked him up as he said where his QTH was in SC, and by gosh-South Carolina! Pretty good. Yes, I am quite happy with that rig!

I do hope that all youse hams out there are also experimenting-not necessarily with a full-blown rig, but with some aspect of Ham Radio. Experimentation is the blood-line of hamming, and we all need to do some.

The last club meeting was saddened by Mike Stahl of M2 antennas not being able to make it, due to his wife's unfortunate illness-we all say a prayer for her-but Ken, WA6OIB and others did come through with some excellent short programs.

It sure was fun to see everybody there- and if you did not make it to this meeting, make it in March.

That reminds me-be sure that the Leprechauns don't attack your rig on 17 March!
 Happy St. Paddy's Day!

W. Stuart Home WB6VRJ

Fresno Amateur Radio Club, Inc. P.O. Box 5912, Fresno. CA 93755-5912

Fresno Amateur Radio Club 7 P.M. March 13, Friday (second Friday of the month) at the AFM Sierra Lanes, on Blackstone, North of Sierra. North of the DMV office.

One of our most popular speakers last year talked about the new mode JT65, which is heard on the bands a lot. Jim, W6NIF will bring us more details on this fascinating new mode.

Pictures from last months meeting!

More pictures on the next two pages,
thanks to the camera of Jim, W6NIF.

Fresno CERT Class Begins March 10, 2015

TUESDAY-THURSDAY EVENING SERIES TO BE HELD MARCH 10 - APRIL 2

The **Fresno Citizen Corps**, in partnership with the City and County of Fresno and the Fresno Police and Fire Departments, is pleased to announce that **Community Emergency Response Team (CERT)** training will be offered in a Tuesday and Thursday evening series from March 10—April 2, 2015. The free 20-hour course is sponsored by CaliforniaVolunteers, the Department of Homeland Security and FEMA's Office of Individual and Community Preparedness; and developed in cooperation with the Los Angeles Fire Department. The entry-level course is designed to provide basic emergency response skills, particularly those that could be essential in the initial hours after a major natural or man-made disaster; and which are also valuable in the event of a fire or other more frequently occurring emergency. *The emphasis throughout the course is on preparedness and personal safety and is not intended to equip individuals to be professional rescuers.*

W6TO

Look at the FARC FD pictures on the Facebook page.

W6TO Facebook page... You have to see the FD symbol on the website in all the writings and above that symbol Click on the Fresno Am Radio Club line..(should highlite) and go to Facebook.....

DX Breakfast

The Fresno DX'ers meet every Saturday at Jeb's Blueberry Hill Cafe, 3851 N. Blackstone, in Fresno.

The group gathers between 06:30 and 07:00 AM.

"The only way to be loud....is to transmit."

DX is the one you do not have confirmed!!

DXing is 90% mental -- the other half is physical. De N2MG

Ten meter net, CW and Phone, every Wednesday

7 P.M. for CW at 28.140

8 P.M. for SSB at 28.445

This is a local net, the cw part run by KF6ZXO, and the SSB part by Doyle, W6OEZ. Have fun checking in on one or both modes.

Also at 7 P.M. is our own FARC Tech Net, with WA6FFJ, Joe, on the W6TO repeaters.

Joe, WA6FFJ, our net control operator, having an eyeball QSO with WD40

THE DX CORNER

By Charles McConnell W6DPD

March 2015

"DX is the one you want but you don't have. That is the way it has always been, that is the way it will always be." Of the most recent DXpeditions, "If you worked it, it was the best DXpedition ever. If you missed it, it was probably not so good." "And so it goes."

All things are relative, some more than others. Thanks Hugh Cassidy, WA6AUD SK.

If you want help with DX, you can contact the local members of the Central California DX Club for some assistance. Charles W6DPD 431-2038, or Perry K6XJ 299-2802, can give you advice. The big thing about finding DX is to tune the bands.

The DX Breakfast is every Saturday at Jeb's Blueberry Hill Café, 3851 N. Blackstone Ave in Fresno. This group gathers about 06:30 AM. All are welcome.

Check out www.spaceweather.com and www.solarham.net for information on the solar cycle. The higher the solar flux and the lower the A and K Indices, the better the band conditions.

The address of the Sixth District QSL Bureau is P. O. Box 970, Fairfax CA 94978-0970. You can send up to 10 address labels and \$0.80 for each envelope to the address above. They will put 1 unit of First Class postage on the envelope. If you work DX, you should have envelopes at the bureau so you can get your cards. You may be able to check your status at the bureau at <http://www.qslbureau.org/>

The ARRL Outgoing QSL Service has raised the rates for sending ARRL members QSL cards to foreign countries. The new rate is \$2 for up to 10 cards in one envelope, \$3 for 11 to 20 cards in one envelope and 75 cents per ounce for more than 20 cards.

Postage rates around the world are constantly changing. To see current rates go to http://www.qsl.net/w9ol/IRC_Chart.htm where you can find the current postal rates for most of the countries of the world. IRCs can no longer be ordered online from the US Post Office. To check on foreign postage, you can go to <http://www.k4hb.com/postage.html>. To learn about addressing envelopes to everywhere in the world, go to <http://www.columbia.edu/~fdc/postal/> for a discussion and examples. U.S. Postage increased on January 26, 2014. Overseas postage is \$1.15; domestic postage is \$0.49 for 1 ounce. Additional ounce for domestic mail is \$0.21. Postcards are \$0.34.

If you don't get a DX Bulletin and you belong to ARRL, you should register on the members only web page and check the box for the ARRL DX Bulletin. This one is emailed each Thursday. Or you can go to the ARRL web page in the News/ Bulletin section and view the bulletins there. You can also read the OPDX Bulletin or the 425 DX Bulletin on the web. Search OP DX Bulletin or 425 DX Bulletin to get the URL. You can subscribe to the Daily DX, Weekly DX or QRZ DX too. These bulletins will keep you informed of DX operations and QSL information.

South Sandwich and South Georgia VP8 January 2016
Palestine E44Y planning for March 2016

Charles, W6DPD

Watch the DX Bulletins for up to date information. As the time for the operation is at hand, watch the DX Summit (www.dxsummit.fi) for listings.

There are a number of state QSO parties each year. Check the contest corral in QST or the ARRL web page. State QSO parties are a good place to collect states for your Worked All States award.

ARRL Log Book of the World now supports the Worked All States Award and the WPX Award.

Good luck, tune the dial, and listen.

Starting on February 17, 2015, the FCC licensing process will go paperless.

AMATEUR RADIO EXAMS IN FRESNO

UNLICENSED THRU EXTRA CLASS

**Sponsored By the FRESNO VE TEAM
And the FRESNO AMATEUR RADIO CLUB, INC.**

2015

Exams for all Amateur license classes will be conducted on the following dates in Fresno California. All exams are given on Saturday and begin at 9:30 AM.

May 9 August 8 November 14

LOCATION:Salvation Army Fresno Citadel, 1854 Fulton Street, Fresno CA 93721

DIRECTIONS: From North or South of Fresno. Take Highway 99 to Highway 180 east. Go east on 180 to Fulton Street off ramp. Turn right on Fulton Street. Go south on Fulton across Divisadero to Sacramento Ave. Turn left on Sacramento Ave and park. You have arrived.

Theory exams are multiple choice. Priority mail is used to send paperwork to ARRL, who sends data to FCC via electronic mail, thus assuring the fastest possible service on new licenses, which typically are posted to the FCC database by the end of the week following the exam.

BRING. Two ID's, one with photo. Taxpayer ID Number (Social Security Number), or FCC Registration Number (**preferred**). Fee **\$15.00** per test session. Bring exact change. **Original and copy of Amateur License.** Talk in on 146.94 repeater.

Walk in's only, no pre-registration.

EC Report for February 2015

Hi All,

This month we are back to a more normal schedule. We had 4 Monday Night EmComm Nets, 1 EmComm and Coffee, 1 ARES/RACES meeting, 1 Antenna Party at the County EOC and 1 public service event.

ARES ID Cards

If you are a member of Fresno County ARES or have sent in an application and have not received an ID card with your picture on it, I would like to hear from you. We are attempting to catch up with our paper work and making sure that all of our members have been issued their card. Please email me if you have submitted an application and have no card. Also if you have changed any of your information, such as phone numbers, email address, home address etc. please email me with the updates. My email and phone numbers are at the end of the newsletter.

Fresno County EOC Antenna Party

February 25th I went down to the County EOC and checked out the new dipole we put up a couple of months ago. I found high SWR on all bands so we will have to go back when I have some help to trim the antennas.

I sat down with Gabriel De La Cerda (he is our contact with the Fresno County EOC) to talk about putting together a RACES Emergency Communication Exercise. He has not had a lot of experience creating an exercise so we went over what is needed and how to use our people. We discussed ideas for a scenario and a script that should be interesting. We are in the planning stage so look forward to the exercise in either late spring or early summer. It will be held on a Saturday so most of us can take part.

Public Service Calendar 2015

Most of you know we help CARP doing Public Service events. We use them as training events; they help keep us sharp handling traffic and working under a net condition. I am including the calendar of events as it is now.

2015 Public Service Events:

March 7 – Sanger Blossom Trail 10K

April 4 – Clovis Big Hat Day Bicycle Century

April 11 – March of Dimes Fresno

April 25 – Shinzen Run/Walk

May 2 or 9 – Kirch Flat Bicycle Century

May 16 – California Classic Bicycle Century

September 12 – Tour de Fresno Charity Bicycle Century

October 10 – Bass Lake Powerhouse Double Century

November 8 – Two Cities Marathon

If interested in volunteering at any of the above events, contact either Rob Mavis or me.

Rob, AE6GE has sent me an email asking for more people for the Blossom Trail run held on March 7th, please contact him if you are able to help.

Fresno Amateur Radio Club

Continued from the previous page

News and Events

From the Fresno Amateur Radio Makers: A6GCL Jerry-KI6YWX Lew-AG6JI Steve

We will be holding our first Fresno Mini Maker Faire on April 11, 2015 (DIY) at the Fresno Arts Museum and Radio Park. Glen N6HEW-Gary KI6OYW will demonstrate the Hobby of Amateur Radio (Ham Radio.)

ARRL Field Day 2015 is coming: This year's ARRL Field Day will be held on June 27th- 28th Sir Isaac Newton's First Law of Motion reads: "Every object in a state of uniform motion tends to remain in that state of motion unless an external force is applied to it." Let's try something new!

If we hold true to Sir Isaac Newton's first law, the only thing that should stop our Field Day 2015 is the clock. Here's hoping that this year's Field Day event is just the next springboard for Amateur Radio (Ham Radio) in your own lives, as well as in your clubs, groups, serve agencies and community.

Summited by Gary KI6OYW ARRL PIO

Net Control Staff Needed

We are looking for volunteers to take a turn as net control on Monday nights. This is not a difficult task. We will provide the preamble and net roster. This is a great way to enhance your skills running a net for emergency situations. If you are interested, please contact Gary (KI6OYW) at 559-269-1340 or email g_greenberg@att.net

Digital Mode Training

If you are interested in Amateur Radio Digital communication you should plan on coming to the Digital Mode training session that Richard Pack, KE6SHL will be hosting March 17th. The time will be 19:00 hr. and held at the Salvation Army Citadel at 1854 Fulton St., Fresno.

Please bring your computer and if you like, your radio and interface. Richard will have all of the updated software available to be uploaded. He can also help you configure the software to operate with your radios. If you are just interested and want to learn more about these modes come down and join us. We would really like to see you.

Our Calendar

Don't forget the **Monday Night Emcomm Net** at 1930 hr. on the 147.15 MHz PI 141.3. We have some good information and camaraderie. On the **third Friday** of the month there is the **EmComm Coffee** at YFC on Cedar south of Ashlan in Granite Park at **07:00hr.** And last but not least the **EmComm Meetings** are held on the **Fourth Thursday** of month. **The March meeting will be held March 26th at 1900 hr. at the Salvation Army Citadel at 1854 Fulton St., Fresno.**

20: 187 2:06 Total: 357 x 62 Total Score 22,134

Comments: First off, MANY THANKS to the guys who worked to bring the glory days of SSB SPRINT back again!!!!!! Wow, it was like a blast from the past!!!

I got off to a rusty start which dug me a hole that I wasn't able to overcome.

Been a while since I did one of these things!! My rhythm was way off mostly due

to NO preplanning on my part, including old mult file on logging program. Whoops!!

Only mult heard and missed VE4EA about 10 times I got beat out on 20m :(

Never heard VE7 or XE. WAS in 4 hours, CHECK!

Can't wait till next time. Spread the word, the fastest 4 hours in contesting

is BACK!!!!!!!!!! Craig, N6ED
