FRESNO AMATEUR RADIO CLUB, INC.

A Fresno Amateur Radio Club Newsletter February, 2018 Volume 81, Issue 2

Meeting location! East of Hwy. 41 on Shaw Av. 7 P.M. on the second Friday of the month at the University of California Center at 550 E. Shaw.

FARC General Meetings
are held the 2nd Friday of each month, 7 p.m. at the University of California Center on Shaw Ave. unless otherwise noted. Stay tuned in for new announcements. Meetings will resume in January, 2018.

2018 FARC BOARD MEETING DATES
1st Tuesday of each month, this month at WB6VRJ's QTH.

FARC Nets
Morning Drive Time Net:
Weekday mornings-7:30—8:00 a.m.
W6TO/R 146.940

Tech Net:
Wednesdays @ 7:00 pm
W6TO/R 146.940

FARC Net:
Sundays @ 7:00 pm
W6TO/R 146.940

President Stu, WB6VRJ (LEFT) at the January meeting talking to Jerry, K6PKO, with Bob, KK6LT on the left.

It is time to renew membership, remember to send in your dues, or bring them to the next meeting!

February Valentine meeting- Propagation is not chocolate coated. Wait as See's the moment. Mint is a candy much like a sky hook.

We have to think outside the box (of chocolates). Come to the meeting to see what the program is.

THE PREZ SAYS

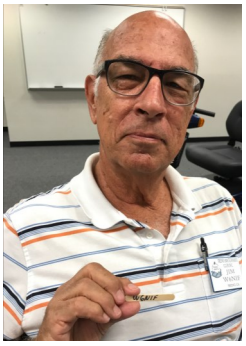
Gosh, February is here! Where does the time go? Well, I listened on our club repeater, but I did NOT hear W6GROUNDHOG-so what the weather will be, I dunno.

But I do hear glowing reports of more and more activity on the Ham Bands, and that is great. All you Hams got to stop hibernating and hit the Key or the Mic. I had to laugh at WA6FFJ the other Sunday when I asked about a new-fangled piece of equipment-and Joe's reply was laughingly something about us old timers not keeping up to date. Boy that is so true.
Which bring me to this point: we all should be working on advancing our knowledge as well as our operating. Let's all do what we can to improve our knowledge of electronics and new developments.
And while we're at it, let's also try to bring in more hams.
73 everyone!

Larry, W6OWL, was the first place raffle winner at the Jan. meeting.

Lower right is a picture of Jim, W6NIF, pulling the attendance prize winner ticket. Must be present to win, and be a paid up member.

Lower left is a picture of the January meeting, where we had a program about surge suppression.



FARC

Send your dues check to FARC, PO Box 5912, Fresno 93755-5912
Refer questions to Joe/WA6FFJ 288-2202 Board meeting on the first Tuesday at Stu's place.

AMATEUR RADIO EXAMS
IN FRESNO

Exams given for
TECHNICIAN, GENERAL, and AMATEUR EXTRA
Sponsored By the
FRESNO VE TEAM
And The
FRESNO AMATEUR RADIO CLUB, INC.

2018

Exams for all Amateur license classes will be conducted on the following dates in Fresno California. All exams are given on Saturday and begin at 9:30 AM.

February 17

LOCATION: ....Salvation Army Fresno Citadel, 1854 Fulton Street, Fresno CA 93721

DIRECTIONS: From North or South of Fresno, Take Highway 99 to Highway 180 east. Go east on 180 to Fulton Street off ramp. Turn right on Fulton Street. Go south on Fulton across Divisidero to Sacramento Ave. Turn left on Sacramento Ave and park. You have arrived.

Theory exams are multiple choice. First Class mail is used to send paperwork to ARRL, who sends data to FCC via electronic mail, thus assuring the fastest possible service on new licenses, which typically are posted to the FCC database by the end of the second week following the exam.

BRING. Two ID's, one with photo. Taxpayer ID Number (Social Security Number), or FCC Registration Number (**preferred**). Fee **$15.00** per test session.

Bring exact change. **Original** and **copy** of **Amateur License**. Talk in on 146.94 repeater.

Walk in's only, no pre-registration.

More Info?? Contact Charles, (559) 431-2038

San Joaquin Valley Nets:

The Noontime net meets on 7.268.5 MHz. This net handles a lot of messages.

Daytime Region 6 Traffic Net meets daily at 3:30 pacific time on or near 7.275 MHZ. This one is probably not in operation at this time.

The California Traffic Net meets daily on 3.906 MHZ and 6:00 PM local time.

The Golden Bear Amateur Radio Net meets nightly at 7:00 PM local time on 3.975 MHZ.

Northern California Net (NCN), the Section Traffic Net, meets nightly on 3.533 MHZ at 7 PM Pacific Time.

San Joaquin Net meets Monday-Saturday on 3918khz, at 6 PM Pacific Time.

Western Public Service System (WPSS) meets nightly on 3952khz, roll - at 7:30 PM local Pacific Time.
The Mission Trail Net meets nightly on 3.856 MHZ at 8:00 PM local time.

Northern California Net 2 (NCN2) The slow speed training session of NCN, meets nightly on 3.533 MHZ at 9 PM Pacific Time. Handling traffic on CW is a good way to improve your CW skills.

Remember to keep you dues current for both the attendance prize and the birthday and anniversary listings.

Birthdaydays

Richard N6FUB 02/27
02/05 Jeffry WA6IMA
02/20 Jim W6NIF

Anniversaries

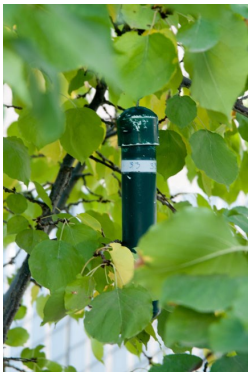
02/06 Julie and Joe WA6FFJ
02/14 Nicole and Stephen AG6JI
02/18 Roberta and Dan AE6SX
02/18 Karin and Arlen WB6VAF
02/20 Miles K6KDM
02/26 Jim W6NIF and Nora WA6BDE

Ten meter net, CW and Phone, every Wednesday
7 P.M. for CW at 28.140
8 P.M. for SSB at 28.445
This is a local net, the cw part run by KF6ZXO, and the SSB with various net control ops.. Have fun checking in on one or both modes.
Joe, WA6FFJ, is our net control operator for the W6TO nets.

The monthly attendance prize!

The attendance prize in Jan. was won by Jerry, W6KEG, who was not present. Must be present to win. Next drawing at the coming club meeting.

Attendance prize will be $20.



T-HUNT

The next scheduled hunt is Saturday, April 14, 2018. 10 A.M.

Contact Rick, W6KKO, for more details.

Ken is shown above at his Straight Key Night station. Once a year on New Years Eve and the first day of the year, stations get on with a straight key and contact each other. Many also use the gear that they started out with, or other vintage stations. Ken used a Drake 2B and a Johnson Ranger, and after repairing a tr switch that went bad, made many qso's. Next year we should all rally for the event!

Jim, W6NIF, has been having great fun with the new mode FT8, and has joined the Digital Mode Club, as shown in this certificate. This exciting mode is generating much interest.

THE DX CORNER

By Charles McConnell W6DPD

February 2018

"DX is the one you want but you don't have. That is the way it has always been, that is the way it will always be."

Of the most recent DXpeditions, "If you worked it, it was the best DXpedition ever. If you missed it, it was probably not so good."

"And so it goes."

All things are relative, some more than others. Thanks Hugh Cassidy, WA6AUD SK.

If you want help with DX, you can contact the local members of the Central California DX Club for some assistance. Charles W6DPD 431-2038, or Perry K6XJ 299-2802, can give you advice. The big thing about finding DX is to tune the bands.

The DX Breakfast is every Saturday at Jeb's Blueberry Hill Café, 3851 N. Blackstone Ave in Fresno. This group gathers about 06:30 AM. All are welcome.

Check out www.spaceweather.com and www.solarham.net for information on the solar cycle. The higher the solar flux and the lower the A and K Indices, the better the band conditions. As the solar cycle heads toward the minimum by the end of the decade, working DX becomes more of a challenge. The high bands become less useful until the solar cycle heads toward the maximum, some years from now. There were over100 sunspot free days in 2017

The address of the Sixth District QSL Bureau is P. O. Box 970, Fairfax CA 94978-0970. You can send up to 10 address labels and $0.80 for each envelope to the address above. They will put 1 unit of First Class postage on the envelope. You can contribute $10 or $20 online using Paypal. If you work DX, you should have envelopes at the bureau so you can get your cards. You may be able to check your status at the bureau at http://www.qslbureau.org/

The ARRL Outgoing QSL Service has raised the rates, effective November 1, 2016, for sending ARRL members QSL cards to foreign countries. The new rate is $1.15 per ounce, about 10 cards. There is now a $7.00 transaction fee for each submission. Sending one ounce of cards (about 10) will now cost $8.15. Ten ounces of cards would cost $11.50 plus $7.00.

U.S. Postage has increased on January 21, 2018. Overseas postage is still $1.15. Domestic postage is $0.50 for 1 ounce. Additional ounce for domestic mail will be $0.21. Postcards are $0.35.

If you don't get a DX Bulletin and you belong to ARRL, you should register on the members only web page and check the box for the ARRL DX Bulletin. This one is emailed each Thursday. Or you can go to the ARRL web page in the News/ Bulletin section and view the bulletins there.

You can also read the OPDX Bulletin or the 425 DX Bulletin on the web. Search OPDX Bulletin or 425 DX Bulletin to get the URL. You can subscribe to the Daily DX, or Weekly DX. These bulletins will keep you informed of DX operations and QSL information

Continued from the last page

The following operations are scheduled:
Djibouti **J28PJ** for 3 to 5 years
Ascension Island **ZD8D** maybe an October 2011 start
Ascension Island **ZD8AC** now for 2 years
Senegal **6W1SU** now for 2 to 3 years
Gabon **TR8CA** September 15 for 4 years
Rwanda **9X0TA** August 5, 2017 for 3 years
Rwanda **9X9PJ** now for 2 years
UK Bases on Cyprus **ZC4A** January 24 to January 31, 2018
Comoros **D68I** January 29 to February 10, 2018
Vietnam **3W9DL**E February=March 2018 for 90 days
The Gambia **C5DX** February 9 to February 16, 2018
Honduras **HR/F2JD** February 15 to May 10, 2018
Benin **TY1TT** February 20 to February 28, 2018
Franz Joseph Land **RI1FJL** soon until July 2018
Zimbabwe **Z2LA** March 2 to March 11, 2018
Franz Joseph Land **R1FJ?** September 1 to July-August 2018
Sri Lanka **4S7KKG** November 1, 2017 to March 25, 2018
Panama **HP/homecall** February 1 to February 18, 2018
Spratly Islands **9M0W** March 10 to March 20, 2018
West Malaysia **9M2MRS** December 1, 2017 through January 2018
Bouvet **3Y0Z** Planning for late 2017 or early 2018
The Gambia **C5YK** Until January 2018
South Shetland Island, RI50ANO January 1 to March 31, 2018
Rotuma **3D2EU** February 23 to March 6, 2018
Revilla Gigedo **4B4B** March 1 to March 15, 2018
Benin **TY?** March 7 to March 18, 2018
New Caledonia **FK/5B4ALX** March 20 to April 4, 2018
St. Brandon Island **3B7A** April 5 to April 17, 2018
St. Barthelemy **FJ** April 18 to April 27, 2018
Macao **XX9B** March 9 to March 17, 2018
Togo **5V1JE** until May 2018
Temotu **H40** May 2018 for 5 fays
Mozambique **C8T** May 2 to May 15, 2018
Svalbard **JW4JSA** now to June 1, 2018
ST. Paul Island **CY9** August 2018
Trinidade **ZZ0T** sometime in 2018
Christmas Island **VK9X** October 16 to October 30, 2018
Ducie Island **VP6D** October 19 to November 3, 2018
Baker Howland **KH1** Third week of June 2018 for 10 days

Charles, W6DPD

Watch the DX Bulletins for up to date information. As the time for the operation is at hand, watch the DX Summit (www.newdxsummit.fi) for listings.

There are a number of state QSO parties each year. Check the contest corral in QST or the ARRL web page. State QSO parties are a good place to collect states for your Worked All States award.

ARRL Log Book of the World now supports the Worked All States Award and the WPX Award. WAZ will soon be supported by LoTW.

Good luck, tune the dial, and listen.

Late note: Bovet Is. DXpedition cancelled cue to bad weather and engine problems with the boat.

EC Report for January 2018

Happy New Year,

The schedule for the month of January: 3 Monday Night EmComm Nets, 1 EmComm Meeting and1 EmComm & Coffee.

Changes for ARES

The Amateur Radio Emergency Service (ARES) has been the public service communication program of the ARRL since 1935. Over many years and following many natural disasters, volunteers in our field organizations have provided us with a lot of valuable feedback about the ways we could improve and modernize (including adapting to new communication modes) to make this organization work more efficiently and effectively.

The ARRL Board of Directors created a working group to look at the input from volunteers in the field organization, as well as incorporating the work of previous committees studying improvements to ARRL public service programs, to develop strategies to enhance the professionalism and consistency of the ARES program and those who are part of it.

The working group recognized that there is a strong need for a robust volunteer management system to connect field organizations to training, resources, and information from ARRL. Other improvements that will be rolled out in the months ahead include establishment of national training requirements and improved local training resources, updated ARES operating guidelines, and updated field organization job descriptions.

A few weeks ago, an announcement went out outlining the changes coming to the ARES program. The first of these changes, establishing ARES Group IDs, is now ready. Before we get into the instructions on how to register your ARES group, we first want to cover some basic questions on how the ID relates to this new volunteer management system ARES Connect.

What is ARES Connect?

ARES Connect is a volunteer management system that will allow each ARES group to manage their roster, create and staff events, and track nets and training. Each ARES group and ARRL Section will have a unique page on the platform with appropriate admin control given to the ARES Emergency Coordinator.

ARES members will be able to create a user profile that connects them to their local ARES group. Through their profile they can register for ARES (pending EC approval), sign up for events, log volunteer hours, and log training.

Reporting will be different through ARES Connect. As users log activity, data is created that allows ECs, DECs and SECs to run custom reports. The current ARES report forms will continue to be used through 2018 as the system is being built, but our current plan is to shift all reporting over to ARES Connect in January 2019

Fresno County ARBeta testing of the platform will begin in early 2018. Look for more information to be released about ARES Connect around midyear, once testing and initial build is complete.

The Importance of Participation

You are all aware we will be doing upgrades to our training requirements which will give structure to our procedures. Three operator levels will be identified and this aids coordination when we are asked to participate in disasters and assist other ARES Groups as mutual aid. Training sessions will be implemented in the near future.

Even with all the available training, if we do not have member participation it does no good. The entire group needs to be trained (this includes our leadership), in order to rank our operators as to their training, abilities, and experience.

Our training officer will be making more information available in the coming months. Once the classes are scheduled please adjust your calendar so you can participate.

Interesting use of 60Meters

SB SPCL ARL ARLX001
ARLX001 FEMA Region 10 Communication Exercises Will Make Use of 60 Meters

Federal Emergency Management Agency (FEMA) Region 10 (Alaska, Idaho, Oregon, and Washington) conducted a Communications Exercise (COMMEX) on January 17 and on the third Wednesday of subsequent months during 2018, 1500-2100 UTC. These exercises will use the 60-meter channels and will test and exercise interoperable communication (federal/state/local/tribal/Amateur Radio) for use during a major disaster in which the conventional telecommunication infrastructure has been significantly damaged or destroyed.

FEMA Region 10 will use the call sign WGY910. Other stations that may take part include, but are not limited to, other FEMA stations, DHS, USCG, SHARES, DoD, and National Weather Service. Stations (both federal and amateur) associated with agencies and organizations that provide response support in accordance with the National Response Framework are encouraged to participate.

The COMMEX will use all five 60-meter dial frequencies: 5,330.5 kHz; 5,346.5 kHz; 5,357.0 kHz; 5,371.5 kHz, and 5,403.5 kHz as part of the exercise.
NNNN

Fresno EmComm Net Changes

As of January 8, 2018 the Net Script has changed. Great care has gone into making improvements to the script to help keep interest and stream line the net. The net is basically has the same information but in an improved format.

When you talk to Gary Greenberg (KI6OYW), thank him for all the hard work he puts into keeping the net going.

Agenda for the January 25,2018 Meeting Training Agenda:

Short review of the MAC program status, Revisions from last meeting, i.e. "Command Post" to "Communications".

Brief overview of individual files
Brief overview of medical "Triage Checklist"
Training - "Filters: Notched and Such"

The March RACES Training Exercise will be discussed. We will determine what modes and locations that will be used for the event.

We will have a regular EmComm Business portion of the meeting as well. This should be a very interesting meeting and give you a chance to voice your feelings to which direction you would like to see our group proceed.

The meeting place is the Hinds Hospice Building at 2490 W. Shaw Ave. Fresno. The time is 19:00 hr. please arrive a little early for we have to be escorted in for this is a secured building.

Public Service Calendar

ANNOUNCEMENT, UPCOMING EMCOMM 2018 EMCOMM EVENTS

February 17, 2018 – Rotary Chocolate Run – Woodward Park
March 3, 2018 – Sanger Blossom Trail 10K – Sanger, CA
April 7, 2018 – California Classic Bicycle Ride
& March of Dimes Walk
April 21, 2018 – Hinds Hospice Angel Babies Walk
May 5, 2018 – Kirch Flat Bicycle Ride
June 30, 2018 – Climb to Kaiser Bicycle Ride
September 8, 2018 – Tour de Fresno Bicycle Ride
October 13, 2018 – Bass Lake Double Century Bicycle Ride

If you would like to volunteer to work one or more of these events please go to k6arp.org and signup. You can also email Rob Mavis at (AE6GE@ae6ge.com).

Remember that we use these public service events as training venues. ***We recommend that you participate in at least three events a year.*** Soon this will be mandatory for you to keep your ability to be deployed during a disaster. Remember that we want to have qualifications and operational levels for our operators. This will help when we are asked to perform mutual aid for other County ARES/RACES Groups. When they ask for help they want our people qualified.

EmComm Website

We are now posting events and meetings on the calendar as well as posting articles on the home page. Check us out at fcemcomm.org.

Net Control Staff Needed

We are looking for volunteers to take a turn as net control on Monday nights. This is not a difficult task. We will provide the preamble and net roster. This is a great way to enhance your skills running a net for emergency situations. If you are interested, please contact Gary (KI6OYW) at 559-269-1340 or email g_greenberg@att.net

Our Calendar

Don't forget the **Monday Night EmComm Net** at 19:30 hr. on the 147.15 MHz Pl 141.3. We have some good information and camaraderie. On the third Friday of the month there is the **EmComm & Coffee** at YFC on Cedar south of Ashlan in Granite Park at 07:00hr. And last but not least the EmComm Meetings are held on the Fourth Thursday of month. Our next meeting will be ***January 25 , 2018*** **at 1900 hr.** at the **Hinds Hospice Building, 2490 W. Shaw Fresno.**

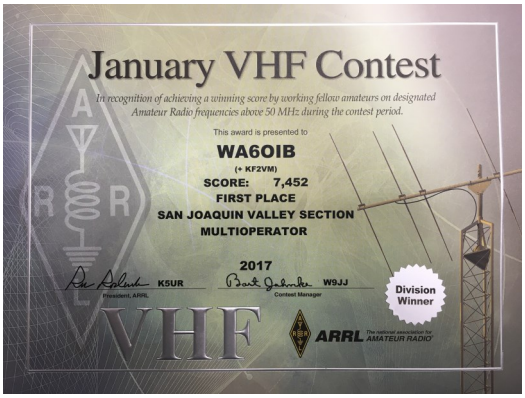
Wayne, N6NB, was first place in the nation in the rover classic category, with Ron, N6MTS, right behind him, second in the Pacific Division and third in the nation. John, K6MI was first in the nation in the rover unlimited category, with Dave, W6TE second. W6TV, a multi-op team with AE6GE AND W6YEP, Rob and Pat, was top on the West coast in their category. W6KKO also was first in the section in the qrp category, with N1VM coming in last in the FM category, proving that he is a unique contester.

The bottom left picture shows Dave's big red truck, this time with a 6m Moxon on top, along with a 432 beam, a 223 Mc. Beam in the middle, and a 2M Moxon on the bottom just above the rotator.

The picture on the right shows four rovers gathered in a parking lot in D M14, near Monroia, attempting to make 11 band contacts back to DM13. Each truck had 11 radios and antennas, all the way up to 24g.

Showing up in the mail was a certificate for WA6OIB's entry in the January HF contest, division winner in the multi op category.



Jerry, K6PKO, with his latest station, all Collins KWM -2a with the remote vfo and 30-L1 linier.

He can be heard on 40 meters in the day time on 7140 Mc. The Collins radios were restored by Bill, AA6S, and are immaculate, both in appearance and in working order.

Jerry has had many different Collins radios, but says this is the best set ever, like brand new.

Jerry is not the only local with an extensive Collins collection. WB6ZBX, Jeff, also collects and operates all manor of equipment.

Shown here is a KWM-2a with remote vfo, useful for SSB work, and on the right a 75-A3 with speaker, and a 32V-3 for an AM transmitter.

The audio board further enhances the sound.

On the back you can see switching that allows the antennas to be switched to other classic stations that Jeff has.
